SKILLS

- **Languages:** C++, JavaScript, C, PHP, R, SQL
- **Frameworks:** HTML and CSS, Bootstrap, NodeJS, React, Hadoop Apache
- **Tools/Platforms:** MySQL, MongoDB, Tableau
- **Soft Skills:** Problem-Solving, Team Player, Project Management, Adaptability

PROJECTS

- **Grocity - online grocery shopping website :** February 2025
Developed a grocery shopping platform utilizing Bootstrap and React for front-end development, ensuring a responsive and user-friendly interface. Leveraged MongoDB for efficient database management and implemented PHP for robust backend functionality, enabling seamless data handling and server-side operations.
Tech: HTML, CSS, Javascript, Bootstrap, MongoDB, PHP, React JS
- **Stockify - stock and inventory management system** July 2024
Developed a comprehensive stock and inventory management system for companies, enabling full oversight of stock levels, transactions, and sales performance. Utilized PHP for backend development to ensure efficient data processing and logic implementation, while MySQL was employed for reliable database management. Designed the front-end using HTML and CSS to create an intuitive and visually appealing interface, facilitating easy navigation and real-time access to transaction reports and sales analytics.
Tech: PHP, MY SQL, HTML, CSS
- **Pizzeria-Pizza Restaurant website** January 2024
Designed and developed a full-scale website portal for both customers and managers, providing a detailed overview of the restaurant's operations, including menu browsing, order placement, and payment processing. Utilized Node.js for backend development to ensure seamless server-side functionality and real-time updates. Implemented MySQL for efficient database management to store and retrieve critical data, while leveraging HTML and CSS for front-end development to create a responsive and visually engaging user interface. The platform streamlined the dining experience for customers and enhanced operational efficiency for managers.
Tech: NodeJS, MySQL, HTML, CSS

CO-CURRICULAR ACTIVITIES

- **Participated in Ethical Hacking Workshop**
Learned about the various tools used in Ethical Hacking
- **Attended an Workshop on Personality Development**
Learned about good communication skills and confidence enablement

CERTIFICATES

- Data Visualization with Tableau April 2025
- Python 101 for Data Science March 2025
- Complete Interview Preparation - Self-Paced (DSA) by GFG. October 2024
- HTML, CSS and JS for web developers from Coursera September 2024
- Mastering Data Structures & Algorithms using C and C++ July 2024

EDUCATION

- **Lovely Professional University, Jalandhar, Punjab**
Bachelor of Technology - Computer Science and Engineering; **CGPA: 7.01** 2022-2026
- **Chinmaya Vidyalaya, Bokaro, Jharkhand**
Class XII; **Percentage: 87.4%** 2019-2021
- **DAV Public School, Bhagalpur, Bihar**
Class X; **Percentage:92.2 %** 2018-2019
